CARBON NEUTRAL BRIQUETTES

# BURNING INSTRUCTIONS

{ KEEP DRY, MOISTURE SENSITIVE }

## Steps:

- Place 2 fire lighters in base of burning pit
- Place 3 - 4 briquettes on the sides and on top of fire lighters
- Light fire lighters, turn fan on and walk away
- Stoke fire and add briquettes as required

## Warning

Briquettes burn extremely hot, due their density and hardwood material; therefore fewer briquettes are required to achieve a high heat.
